ML100

Wi-Fi-Enabled Fingerprint Smart Lock With European Standard 5050 Mortise

Remote Control · Audio Instructions · Capacitive Fingerprint Sensor · Wi-Fi · Random Passcode · Emergency Charging Port · NFC

Compatible With ZSmart App

Brief Introduction

ZKTeco developed ML100 and this smart lock is designed with a European Standard 5050 mortise and it is compatible with ZSmart APP.

ML100 can connect to Wi-Fi to unlock remotely, share passwords, trace records and manage lock users and visitors via smartphone. In addition, this smart lock offers multiple ways of unlocking including fingerprint, IC card and pass code.

As a result, ML100 is an ideal door lock management solution for apartments and private houses.
